Preparations

1. Before cleaning, vacuum or sweep your floors to remove dirt and grit.

Application

2. Lightly mist a 3 m² area of your floor or spray the cleaning pad directly with Bona Hard Floor Cleaner.

3. Wipe the floor using the Bona Mop and the blue cleaning pad. Finish one area before moving on to the next. For stubborn spots, rubber heel marks or sticky spills, spray cleaner directly on these areas and wipe clean. When the pad becomes soiled, replace with a clean one. Use as needed, depending on household traffic.

Note: Always keep the amount of water to a minimum. Especially important on low-quality laminate.
